

**CIG Shanghai Co., Ltd**  
**Notice of New Domain Name, Website and Email Suffix Changes**

CIG Shanghai Co., Ltd and its affiliates ("The Company") will be migrating to a new domain name "[www.cigtech.com](http://www.cigtech.com)" on **April 15, 2018**, to facilitate our development as a global high-tech corporation. The Company's email suffix will also be changed to "@cigtech.com".

The Company's original domain name will remain valid and the original email addresses will still be able to receive emails. All outgoing emails, however, will have a new email suffix as "@cigtech.com". The Company's other contact information otherwise remain unchanged.

To ensure a smooth transition, we kindly request that you and your IT department update these changes in your email application and server to allow us to continue to communicate with you via our new email address. Actions may include placing our "@cigtech.com" domain into your email whitelist and ensure that our emails will not be mistakenly blocked or treated as spam.

Thank you very much for your co-operation and we look forward to our continued business relationship.

Kind regards,

CIG Shanghai Co., Ltd
